Academic Misconduct Record: TONG Qiangsong

Name: TONG Qiangsong

Affiliation: Union Hospital, Tongji Medical College, Huazhong University of Science and Technology

(1) 10.1186/s13045-020-00857-7

This paper was published in *Journal of Hematology & Oncology* (2020), and was retracted by the journal with the reasons of image duplication, and image splagiarism.

(2) 10.1158/0008-5472.can-18-1559

This paper was published in *Cancer Research* (2019). A PubPeer thread suggested image duplication in this paper, however, until recently, no retraction or correction was issued.

(3) 10.1186/s12943-019-1094-z

This paper was published in *Molecular Cancer* (2019). A PubPeer thread suggested image duplication in this paper, and the authors issued a correction in 2023.

(4) 10.1016/j.ymthe.2017.12.017

This paper was published in *Molecular Therapy* (2018), and was retracted by the journal with the reasons of image duplication, and image plagiarism.

(5) 10.1038/s41467-018-05286-2

This paper was published in *Nature Communications* (2018). A PubPeer thread suggested image duplication in this paper, however, until recently, no retraction or correction was issued.

(6) 10.1038/s41388-018-0128-0

This paper was published in *Oncogene* (2018). A PubPeer thread suggested image duplication in this paper, however, until recently, no retraction or correction was issued.

(7) 10.1038/s41388-018-0302-4

This paper was published in *Oncogene* (2018). A PubPeer thread suggested image plagiarism in this paper, however, until recently, no retraction or correction was issued.

(8) 10.1158/0008-5472.can-17-2295

This paper was published in *Cancer Research* (2018). A PubPeer thread suggested image duplication, and image plagiarism, however, until recently, no retraction or correction was issued.

(9) 10.1038/s41598-017-09271-5

This paper was published in Scientific Reports (2017). A PubPeer thread suggested image plagiarism in this paper, however, until recently, no retraction or correction was issued.

(10) 10.1038/cddis.2016.293

This paper was published in Cell Death and Disease (2016). A PubPeer thread suggested image plagiarism, however, until recently, no retraction or correction was issued.

(11) 10.1038/srep32628

This paper was published in Scientific Reports (2016). A PubPeer thread suggested image plagiarism, however, until recently, no retraction or correction was issued.

(12) 10.18632/oncotarget.9813

This paper was published in Oncotarget (2016). A PubPeer thread suggested image plagiarism, however, until recently, no retraction or correction was issued.

(13) 10.18632/oncotarget.9739

This paper was published in Oncotarget (2016). A PubPeer thread suggested image plagiarism, however, until recently, no retraction or correction was issued.

(14) 10.1016/j.canlet.2015.01.008

This paper was published in Cancer Letters (2015). A PubPeer thread suggested image duplication in this paper, however, until recently, no retraction or correction was issued.

(15) 10.18632/oncotarget.4311

This paper was published in Oncotarget (2015). A PubPeer thread suggested image duplication in this paper, however, until recently, no retraction or correction was issued.

(16) 10.18632/oncotarget.3753

This paper was published in Oncotarget (2015). A PubPeer thread suggested image plagiarism in this paper, however, until recently, no retraction or correction was issued.

(17) 10.1158/1541-7786.mcr-12-0534

This paper was published in Molecular Cancer Research (2013). A PubPeer thread suggested image duplication, and image plagiarism in this paper, however, until recently, no retraction or correction was issued.

(18) 10.1186/1471-2407-13-74

This paper was published in BMC Cancer (2013). A PubPeer thread suggested image duplication, and image plagiarism in this paper, however, until recently, no retraction or correction was issued.

(19) 10.18632/oncotarget.1579

This paper was published in Oncotarget (2013). A PubPeer thread suggested image duplication, and image plagiarism in this paper, however, until recently, no retraction or correction was issued.

(20) 10.1371/journal.pone.0055719

This paper was published in PLoS ONE (2013). A PubPeer thread suggested image duplication, and image plagiarism in this paper, however, until recently, no retraction or correction was issued.

(21) 10.1371/journal.pone.0040076

This paper was published in PLoS ONE (2012). A PubPeer thread suggested image duplication in this paper, however, until recently, no retraction or correction was issued.

(22) 10.1158/1535-7163.mct-12-0001

This paper was published in Molecular Cancer Therapeutics (2012). A PubPeer thread suggested image duplication in this paper, however, until recently, no retraction or correction was issued.

(23) 10.1186/1465-9921-7-101

This paper was published in Respiratory Research (2006). A PubPeer thread suggested image plagiarism in this paper, however, until recently, no retraction or correction was issued.

(24) 10.1186/1465-9921-7-37

This paper was published in Respiratory Research (2006). A PubPeer thread suggested image plagiarism, however, until recently, no retraction or correction was issued.
