My paper is accepted in the IEEE Access journal, is it possible to add or remove the author after acceptance in IEEE Access? Actually we don't have funding if anyone knows the rules of IEEE Access and pays the APC we can add him/her as co author. The paper is related to machine learning.

By providing an acceptance letter to the 5GH team, Sultan claimed that the manuscript was recently accepted by IEEE Access. Sultan asked for 1995 USD to add an additional author on the paper, and the 5GH team provided the information of a false author (name: Hengz Wu, affiliation: North Hong Kong

University, e-mail: 1942397891@qq.com) to Sultan, in order to test whether he can do it. The 5GH team is waiting the respond from the journal.

Information on the Facebook shows that Sultan studied at University of Science and Technology Beijing for his Ph.D. degree. The 5GH team is investigating on his papers with our international allies.
