

## Reused Spectra on 10.1002/nano.202300173

Reused spectra are observed in the Figure 4 (a) and (c) of this article [1]. Although the infrared spectra in Figure 4 (a) and (c) are described from different materials, those two spectra look too similar to each other than expect.

### 10.1002/nano.202300173, Reused Spectra

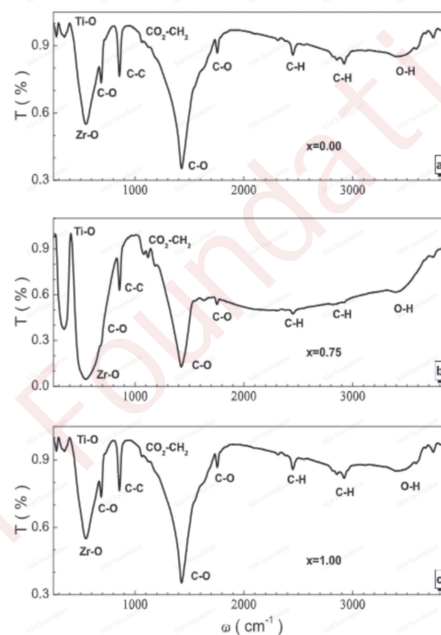

FIGURE 4 1 Results of FTIR investigations for the obtained  $x = 0.00$  (a),  $0.75$  (b), and  $1.00$  (c) specimens.
