

Abnormal Spectra on 10.1016/j.ceja.2024.100651

In Figure 6(b) of this article [1], abnormal backward movements (marked with red arrows) are observed on the time-scale plots. These backward movements suggest a reversal in time, which is impossible in real measurements.

10.1016/j.ceja.2024.100651,  
abnormal backward on time-scale spectra (red arrows)
